About your Boiler Service and Gas Safety Inspection

The Gas Safety Inspection will record each gas appliance and whether or not they are safe to use at the time of the inspection. The boiler at the property will be serviced to meet statutory requirements, manufacturer's recommendations and relevant codes of practice.

We will contact you to arrange for an engineer to carry out the gas safety inspection and the boiler service. These will be undertaken together and will be available Monday to Friday, 9am to 5pm, excluding bank holidays.

If there is a gas leak, you should first call the National Gas Emergency Service immediately on **0800 111 999**

Who is eligible for this plan?

This plan is for landlords. Sub-let properties, mobile/park homes, dedicated business premises and council/housing association properties are not covered.

How do I cancel the plan?

If this plan no longer meets your needs and you'd like to cancel, please contact us by telephone or in writing. You may cancel your plan at any time. You will receive a full refund if you cancel within the cancellation period as long as no work has been performed under the plan. If you have had work completed under this plan or if we have made three attempts to contact you to make an appointment there will be no refund.
